To the survivors of Brother W. Wind

The following resolution was authorized at the last session of Lodge No. 9  
- The Danish Brotherhood, Oshkosh, Wisconsin.

The announcement of the passing in Spokane Falls of our honored  
Brother, retired Supreme President D.D.S - W. Wind of Omaha Lodge No. 1.

The Lodge pronounces our sincere condolence for the loss of our brother who, through his dedication and commitment, became one of the most important founders of our brotherhood. We can only state that without his initial work, effort and leadership, we would not have achieved what has become such a blessing for thousands of homes in America. Furthermore we must acknowledge that founding any enterprise of this magnitude is difficult and requires passionate fighting for the cause. We all know that it was not easy and that great personal sacrifice was needed to succeed in the initial period.

We submit our sincere respect and esteem to our deceased Brother.
