Darling -

This will be another short one. I have just finished a note to accompany a \$100 money order to your mother.

David has been back to the normal nuisance last night and to-day.

The weather is just awfully cold. Down to 16° Monday morning. All water faucets were frozen - even in the house. Just now D.P. & I will walk over to the mail box. Will wear off some of his energy before nap time. Imagine it being too cold to go out to play.

Hope to get a letter. There wasn't any yesterday - The one telling about your fever came Saturday. Hope you are all well now.

I love you sweetie - pie
Marion

a Kiss from D.P. Dozens from me.
